design Marco Maran

Classici contemporanei.

Quando il design —
incontra la funzionalità
nascono segni contemporanei
di un' estetica che si adatta
ad ogni spazio e stile abitativo.

———— Classic and contemporary.
When the design joins the practicality create a contemporary
appearance appropriate for all the residential uses.

———— Classiques et contemporaines.
Quand le design s' unit au caractère fonctionnel naît une
esthétique adaptable à tous les espaces résidentiaux.

———— Modern und klassisch zugleich.
Wenn Design und Funktionalität zusammenkommen,
erscheint eine Aesthetik die sich an jedes Ambiente anpasst.

Happy

——— Struttura: base in acciaio cromato o verniciato.
Piedini in feltro.
Piano: multistrato impiallacciato in essenza o in laminato,
o MDE
